## SUMMARY

Passionate and motivated full-stack developer. Proficient in JavaScript, Python, and modern frameworks like React, Next.js, and Express.js. Driven by a passion for continuous learning and development, I am excited to work on impactful projects while improving my technical skills

## PROJECTS

### E-Commerce Platform

Dec 2024 – Present

Developed a responsive e-commerce platform with React.js, Tailwind CSS, and TypeScript. Integrated a secure backend with Express.js and RESTful APIs for smooth data handling.

Accomplishments:

- Implemented JWT authentication for secure login, registration, and scalability across user accounts and sessions.
- Implemented secure user authentication and efficient product management with MongoDB.
- Link: [github.com/subashio/E-Commerce-Project](https://github.com/subashio/E-Commerce-Project)

### Interactive Landing Page

Oct 2024 – Nov 2024

Built a dynamic and interactive landing page using Next.js, Tailwind CSS, and Framer Motion, optimized for a seamless mobile experience.

Accomplishments:

- Optimized design with a mobile-first approach to ensure responsiveness across all device sizes.
- Increased user engagement by 40% through dynamic animations, smooth transitions, and interactive UI elements.
